PLOT TO MURDER EMPEROR OF JAPAN

Tokio Paper Says Conspirators 1 Are Held and Will Be Executed.

TOKIO, Sept. 21.-A sensation was created by the publication this afternoon of the alleged details of a plot among his own subjects to assassinate Emperor Mutsuhito. The startling story appeared in

Hochl Shimbun, which states that the plotters, who are now under arrest, certainly will be sentenced to death after trials before a special secret court.

This is the first time in the history of the country that the life of the sover-eign has been plotted against by his own people and the fact known.

It is understood that a rigorous cen-sorship had prevented the publication of so much as a hint of the conspiracy un-til this evening, when the Hochi Shim-bun assumed responsibility for the alarm-ing anyouncement

The paper's assertions are not without a show of authority. There are now in fail in this city a number of persons who are alleged to be active in the "alled socialist" movement, and those who may be considered to be responsible state, as does the Hochi Shimbun, that the arrests followed the discovery of a conspiracy against the throne.

According to the paper, the assassins planned to accomplish their end while the emperor was visiting the military school just outside the capital. The piot was discovered in time to protect his majesty and the plotters were seized at once.

NOT MANY ALIENS SETTLE IN ENGLAND

WASHINGTON, Sept. 21.— Expulsion of aliens from England is steadily reducing the amount of alien crime, according to a government report recently published and forwarded to this government by Consul H. M. published and forwarded to this government by Consul H. M. Byington of Bristol. Last year the number of alien convicts in England was less than 2 per cent of the prison population, where as six years ago it was 3-1-3 per cent. The number of aliens who settled in Great Britain last year was about 10,000 as compared with 27,000 the year before.

"Elektra." In Greek, by an all-star cast of Grecian players, will be given at the Salt Lake theater this evening, and again on Saturday afternoon and evening. In addition, Penelope Duncan will appear in a Folk Song recital on Friday evening, in which Greek, Scotch, Irish and English folk songs will be rendered, together with an explanatory lecture by Raymond Duncan on his discovery of the scales and laws of folk music.

Harry Atkinson, "the Australian Orpheus," who is playing at the Orpheum this week, has an act in which he isn't bothered with imitators, for the reason that without the special gifts of nature with which he is endowed, he wouldn't be able to make the marvelous imitations of musical instruments that constitute his portion of the bill. He possesses the peculiar faculty of initating the mandolin musette, cornet, banjo, harp, violin (played both pizzicato and with the bow, bag pipes, penny trumpet and many others. Reed, string and metallic tones are produced with equal facility. He has a wonderfully large throat at the back, with most powerful vocal chords. The nostrils, too, are perforated and honeycombed, thus acting as a sounding board and reed as well.

There is more than a touch of plot and story to this week's show at the Daniels, where the Curtis company is presenting "The Gay Deceivers," for the play is of a more substantial variety than any seen at the Daniels for the past few weeks. The costumes and chorus numbers are effective, and the show is strikingly staged. Tonight and Friday evening will see the final performances of "The Gay Deceivers." Beginning Saturday afternoon one of the strongest bills ever announced at the Daniels goes on the company being headed by Willard Mack, Carlton Chase, Henry Auerbach and others. "The American Princess." with Mr. Mack in the leading role, will be the bill, and the part will present Mr. Mack in an entirely new characterization.

At the Shubert, the week is drawing to a close with a pleasant and interesting bill of motion pictures and illustrated songs. The male quartette is one of the features of the programme, and beginning Saturday afternoon at the matinee, the bill will change to new pictures, songs and music.

"Canadian Moonshiners," at the Luna, continues one of the strong and popular films at that house, while at the Edite the new Edison picture. "The Lady and the Burglar." is the favorite. The Ists is offering "True to His Trust." Running Fire. "Life for a Life." "Good Giue" and others. The bills at the three houses will change Saturday afternoon as usual.

"The Middleman" is playing strong, with increasing popularity at the Garrick, and is unquestionably the best stock produced play ever presented at the Garrick, in point of talent, cast, scenery and the play itself.
